

Dear Slade Dozier Foundation Supporter,

We are preparing for the Sixth Annual Slade Dozier Memorial Inshore Fishing Tournament! The unwavering support that we have received over the last six years has been astounding and we are ready to celebrate in person again this year.

The mission of the Slade Dozier Foundation is to raise awareness of and promote research toward understanding and preventing SUDC (Sudden Unexplained Death in Childhood). Slade went to bed a healthy little boy on the night of April 24th, 2015 and was called home sometime in the early morning hours of April 25th. It has been six years and there are still no answers. However, this isn't as defeating as it sounds. We know people are fighting for answers and that keeps us going. Tom and I don't want another family to endure what we did, but the statistics show that more will. It seems that new members are introduced to the family of bereaved SUDC parents every week. Thanks to your continued support, the SUDC Foundation can continue to provide support services to these new families and connect them with the resources that they need.

More importantly, we cannot forget that the circumstances surrounding the COVID-19 pandemic have made an already horrible situation more difficult by isolating families that are hanging on by a thread. Tom and I had a revolving door of love and support within minutes of pulling into our driveway without our son. I cannot imagine losing Slade during a time when physical contact isn't comfortable and strict mandates kept family and friends at a distance. The services that the SUDC Foundation provides are needed now more than ever.

Slade's life was heartbreakingly short, but he filled every day of his 18 months here on earth with a smile. And while we don't know what he would be like today, I'd like to imagine that he would be waiting for Tom at the breakfast table with his fishing gear on, right next to his twin sister Sanders. And I know that if Slade were here we wouldn't have this event, but it is hard not to imagine him running through the banquet eating Hamby's donuts and Roland's BBQ until he popped. Since Slade can't fish or enjoy the banquet, let's take advantage of every day that we can fish and on October 23rd let's put lines in the water and remember our little boy.

In Faith, Hope, and Love,

Thomas Slade Dozier, MD

Chairman, SDF Board of Directors
